Required texts:

Poole and Adams, 1994 (revised edition). Trees and shrubs of New Zealand. Manaaki Whenua Press (see web site below). ISBN 0-478-04535-2. Available at Bennetts, Volume 1 and at Manaaki Whenua Press.

<http://www.mwpress.co.nz/store/listCategoriesAndProducts.asp?idCategory=27>

Botany of the Waikato. Waikato Botanical Society. ISBN 0-473-08291-8. Available from the Biology Office for \$15.00.

Some additional recommendations:

Allan, 1961, Flora of New Zealand. Volume I. Government Printers, Wellington. Now available on-line. Hardcopies are out of print, so try second-hand book shops, TradeMe, etc. A bit outdated BUT the only complete treatment of the flora.

Harris and Harris. Plant identification terminology: An illustrated glossary. 2nd ed. Spring Lake Pub. Available from bookshops, Spring Lake Pub (email springlake@qwest.net) or Amazon.com.

Webb, Johnson, Sykes. Flowering plants of New Zealand. DSR/Manaaki Whenua Press. ISBN 0-477-02584-6. Try Touchwood website. A bit outdated but still very useful.

Judd et al., Plant systematics: a phylogenetic approach. 2nd edition. Sinauer Associates, Inc, Sunderland Mass. (CD-Rom also available) [QK95.P53 1999]. For those really keen on plant systematics.

E-learning

We will also be using ClassForum as an electronic interface. As soon as you are registered for the course, please set up your computer account. To set up their account via the new user page <http://help.waikato.ac.nz/tools> and click on New User. You can do this in F1.14 (on the beige computer next to the A3 color printer) or on a computer in the library.
